DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 8/12/04 have been fully considered and are deemed persuasive. Applicant has incorporated into his independent claims material previously indicated as allowable. Thus, the application is now in condition for allowance.

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the application is otherwise in condition for allowance and Figure 5 does not meet the USPTO requirements as it contains sketch drawings and handwritten descriptors. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

3. Claims 10, 12-16, 18-23 and 27 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 10 and 27, the examiner is in agreement with applicant's arguments regarding the reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
